West Plains, lets meet or beat that goal!

The mission of the 37th Judicial Court Appointed Special Advocates for Children (CASA) is to recruit, train, and support volunteers to advocate for every abused or neglected child in state care so that they can be safe, enjoy a permanent home, and have the opportunity to thrive.

They are a volunteer program providing a consistent voice for child victims of abuse and neglect in Howell, Shannon, Oregon, and Carter counties in Southern Missouri.

PROJECT CHILD ADVOCATE-OPERATION 100%
Advocating for our kids in the foster system. 100% served. 100% safe.

According to Executive Director Connie Pendergrass there are over 225 children in the foster care system in the 37th Judicial District encompassing Carter, Howell, Oregon and Shannon counties. Our official slogan is Project Child Advocate-Operation 100%, Advocating for our kids in the foster system. 100% served. 100% safe. It is our goal to provide every single child with a volunteer advocate within the next 3 years. Each advocate helps to give a child a safer, brighter place in which to flourish. To reach our goal we are asking for your financial support, and for partnerships in the 4 county communities. JUST ONE PERSON MAKES A DIFFERENCE.....YOU COULD BE THAT ONE!
